

SERVE YOUR ENTIRE OPERATION WITH MOTOROLA'S ENTERPRISE VOICE SOLUTION

Our Enterprise Voice Solution allows you to use a single voice and data communications backbone for every workgroup. With the right features and the right device, you can achieve the right cost per user that will fit in your budget. All your workers are connected, able to better collaborate and improve task accuracy and task speed, increasing overall operational efficiency and productivity. While workers enjoy more communication services, monthly mobile phone fees are dramatically reduced. The result? Your entire organization is affordably mobilized to better care for your most important asset — your guests.

Rugged mobile computers

Enterprise Wi-Fi smartphones

Wireless badges (EWB100)

WiNG 5 Wireless LAN

Two-way radios

Third-party smartphones

WITH MOTOROLA'S ENTERPRISE VOICE SOLUTION, YOU GET COMPLETE FREEDOM OF DEVICE CHOICE — AND COMPLETE INTEROPERABILITY BETWEEN DEVICES

Motorola's mobile computers, Wi-Fi smartphones and tablets as well as today's popular smartphones can function as a mobile deskphone, complete with PTT and text messaging as well as access to backend applications, email, contacts, calendars and more. And our voice-focused devices — two-way radios and wireless badges — can communicate via PTT with them all.
